

# Medicare **CENTER**

## QUICK START GUIDE

Our powerful new MedicareCENTER system is built to help you produce more. **Get started in 7 easy steps:**

- 1 Visit [MedicareCENTER.com](https://www.MedicareCENTER.com) and select REGISTER NOW.**  
*NOTE: Even if you've registered to use a prior version of MedicareCENTER, you will need to register an account to use the new system.*
- 2 Complete the registration form,** including first name, last name and other account details.
- 3 Enter your National Producer Number (NPN).** This will also be your MedicareCENTER username.  
*NOTE: If you have both an individual and a corporate NPN, you will need to register both and use each login separately.*
- 4 Enter your email address.** It doesn't have to be an email address you've used in the past.
- 5 Create a password** that's at least 8 characters long and includes at least one uppercase letter, one lowercase letter, one number and one symbol. (Example: produceMore!)
- 6 Click SUBMIT.** A confirmation email will be sent to the email address you provided.
- 7 Open the confirmation email and complete your registration.** When you click on the link inside, you'll automatically be taken back to the MedicareCENTER homepage where you can log in and begin to use the new system.  
*NOTE: This step is required before you will be able to log in. The confirmation email will come from [service@integritymarketing.com](mailto:service@integritymarketing.com). Please be aware that some information may take up to 24-48 hours to update in the MA/PDP enrollment tools (MedicareAPP and MedicareLINK).*
